

CUSTOM FIBREGLASS ENCLOSURES

by DENYG Mechanical

Custom Fibreglass Enclosures

For over 15 years, DENYG Mechanical has been providing custom built fibreglass enclosures for numerous municipal applications all over the Maritimes.

Our enclosures provide weather-proof, insulated and heated environments for easy access to daily operations and maintenance of equipment, such as electrical panels, mechanical process piping, communication equipment, etc., depending on their application.

ENCLOSURES ARE CUSTOM BUILT AS PER CUSTOMER REQUIREMENTS

- Overall dimensions;
- Door configurations;
- Multiple compartments;
- Electrical/mechanical rooms, etc.
